

Keystone produces more than just steel lintels. Our range of specialist products is designed to meet the needs of even the most complex project.

## Hi-therm+ LINTELS

Keystone has redefined lintel performance with Hi-therm+, designed to exceed the thermal requirements in forthcoming building regulations. Hi-therm+ is supported by an advanced technical service package.

## Free Scheduling Service

- Fast, hassle-free service
- Qualified technical engineers
- Full and accurate 'take-off'

### Standard Lintels

Keystone produces a wide range of standard galvanised steel and stainless steel lintels. All Keystone standard lintels satisfy the thermal performance requirements of all UK building regulations.

### Stainless Steel

Keystone's full range of lintels are also available in stainless steel, providing the same high quality and performance features as our standard galvanised lintels.

### Special Lintels

Keystone offers a complete custom design service to ensure your project has the best lintel for the job. Our technical expertise is renowned for delivering solutions with total efficiency.

### Brick Slip Feature Lintels

Keystone Brick Slip Feature Lintels are a one piece, prefabricated unit, manufactured with factory applied brick slips. We produce Brick Feature Lintels to order and can achieve even the most challenging architectural designs.

### Windpost Systems

Keystone Windposts span vertically between floors to provide additional lateral support for large panels of brickwork or large panels with openings. Keystone manufactures three types of windposts.

### Non-combustible Cavity Tray Lintels

The Keystone Non-combustible Cavity Tray Lintel offers a non-combustible stainless steel single leaf lintel with combined cavity tray. Manufactured in Class A1 grade 304 austenitic stainless steel, the NCCTL is the ideal specification for Document B compliance.

By contacting our technical engineers at an early stage of the design process, you will potentially gain significantly more design flexibility for the overall project.
